CLIENT TESTIMONIALS

Here's what our clients are saying

"It is a pleasure to write this note to thank you and your colleagues at Cosco Landscaping for your outstanding work in converting what was a mud patch of a back yard to an immaculate patio."

There was so much that impressed us. We particularly appreciated the creative work of your mason laying out and building the structural features such as the flower beds and steps, and your own planning to make full use of the limited space available. It was also impressive, considering the very difficult access to the site, to watch your team clear away the existing debris, prepare the site, and move tons of paving stones in to create the patio.

Donald
Cambridge, MA

I am very pleased with the look of the new retaining wall, the new paved patio, the new wider landing at the top of the front steps, and the newly graded front and back yards.

"The whole area around the entire house is safer, more functional, and most importantly, it looks well-designed and beautiful."

The landscaping enhances the house and its overall setting. Thanks to your professional advice and execution, I now have the most beautiful house on Chandler Road, and I am confident this beauty will last for a long time to come.

Rosanne
Medford, MA

...On a limited budget and no idea of what plants to choose for my front & side yard Domenic took the time to take me to some of the nurseries he deals with and advised me of what plants to buy.

“Less than one week later, my yard was professionally landscaped.”

Rita
Newton, MA

“Domenic went out of his way to take me to some of the nursery's he deals with, and we came up with some beautiful plants for my front yard.”

...It took about five days from start to finish, and we are very pleased with the new landscaping.

Barbara
Watertown, MA

Cosco Landscaping Co. LLC has just completed a major project at my home, and I am pleased to recommend them. They performed quality work in a timely fashion. The workers were hardworking, prompt, and sensitive to our needs.

“They executed the plan of the architect with great skill, while allowing for the inevitable alterations of the homeowner.”

We are very pleased with the results, and wholeheartedly recommend Cosco Landscaping Co. LLC.

John
Watertown, MA
